Subject: Conversion of our 18 stores 

Dear Suppliers,

We are in the process of converting the computer systems in our stores under the Réno-Dépôt banner. This conversion implies a change of store number for each of them.

You will find in the attached appendix, the complete information of the stores affected by this conversion.

Please take note of the new store numbers and the date of their conversion. Please **wait for the conversion date** before making any changes to your system.

We hereby remind you that you must put in the field "Sold to" RONA inc. P.O. Box 1003, Boucherville, QC J4B 7H7 and that the name and address of the store must appear in the field "Ship to".
